Final Exam Issues

New to Website to help you review

Thoughts about DU Conference?

All maps (PDF only for now)

Sample Exams

Substantive Issue Spotters Two questions

Procedural Issue Spotters 530-31 problems

I will publish an "answer" to Problem 3 (p. 531) soon

Note: No guarantee that my final will consist of one substantive and one procedural.

Policy Question I wrote one in a hurry

I still owe you

A few more model questions

Answers to both substantive questions and one procedural question

mmap versions of the mind maps

I will do my best to have all by Wednesday.

Review Session Info

Saturday, December 12, 2009

9:00 - 10:00 AM

I must leave promptly at 10am

Send me questions in advance

Policy about answering other questions

Email is best, but I will meet in person

My "blog" of questions and answers

I pick-and-choose, so don't be offended (or paranoid) if I don't post yours

I will post a "no more questions" after the final cut-off date.

Cut-off

8AM, Sunday, December 13, 2009

The Black Hole: 10am - 6:30pm,
Saturday, December 12, 2009

Maybe longer: Southwest 668 (Denver to Oakland)

Class 25: International Computer Crime

Last Time

Overall impression of statutory privacy?

Substantive International

Ivanov

Facts

Russian Hackers

First, broke into Lightrealm.com

ISP in Kirkland, WA

Then, broke into OIB

CT-based website host and credit card processor

Communicated with OIB through
compromised Lightrealm account

Parties agree: In Russia the entire time

One: Conspiracy

Two: 1030(a)(4)

Didn't really focus on this one in this class

Three: 1030(a)(2)(C)

Six: 1030(a)(7)

Didn't really focus on this one in this class

Seven: 1951(a) Extortion

Never mentioned before in this class

Eight: 1029(a)(3)

Stolen password possession

Held
